Carter Hall Revisited (and Revamped)

Lasell's Art Department has finally moved into its new home—refurbished, refinished, and completely renovated Carter Hall. From top to bottom, from the inside out, Carter Hall has the “new look.” Though the basic structure remains (with the exception of the addition of a new exterior deck) and the character of the building has been preserved through the retention of the ceramic fireplaces and carved wood fireplaces and the stained glass windows, the inside—as you and I remember it—is virtually unrecognizable.

As a result of careful planning and consultation and the best possible utilization of space the Art

Department now boasts of a building housing a new photography lab, ceramics lab, painting studio, music studio, two drawing studios, all purpose rooms, display areas, a jewelry lab and department offices.

There are new floors, ceilings and furniture throughout the building. The labs are outfitted with up-to-date equipment such as enlargers, printers, kilns, potters wheels, soldering equipment, buffing wheels etc. The jewelry lab sits on the site of the old swimming pool.

The plans for renovation were in the works for over a year and the actual reconstruction began last

Working with potters wheels.

July—continued until mid September and finishing touches were taken care of during the Christmas recess. The overall process included a new roof and painting of the exterior, new doors and locks, a modern sprinkler system, new wiring and plumbing, black topping and shrubs and plantings.

Carter Hall is a joy to visit. It is exciting and beautiful to see, a constant area of activity and a facility of which the College is justifiably proud.

English 224. Contemporary American Poets

A senior seminar course titled Contemporary American Poets is being offered at Lasell under the direction of Mrs. Dona Stein, Assistant Professor of English.

The course consists of examining in detail the work of prominent American Poets since World War II through seminar talks, recordings, research, attending poetry readings in the Boston area and the writing and discussion of poetry in a workshop setting.

Mrs. Stein, herself a published author, has produced the index for the book "The Argument of Ulysses" and has had work appear in The Laurel Review, The New York Quarterly, Arion's Dolphin and The Ark Review.

A graduate of Clark University, Mrs. Stein has been a contributor to the Breadloaf Writers Conference (Middlebury College) and is also a Volunteer Parent at the Williams Elementary School in Auburndale where she has conducted workshop poetry classes for the youngsters.

The following are poems written by some of the members of the Contemporary American Poets class.

i don't belong here,
i haunt your memories
and rattle sticks against the barred
gates of your boyhood.
you walked the beaches with others
and you still walk with them.
I'm someone out of step with your drummers
and out of place with your dreams.

BOSTON MTA

snake-like animals
slithering along the rails
searching through the city sewers,
for the freaks—for the straights
for the antiquated past.
Here is a desert of empty faces—crowded places.
A Child lost begins to cry,
as the snake slides by.

An OLD man sucks on his gums
looks out the window—empty-eyed—
seeing nothing—
the student with his books
reading, but not comprehending—
the mother, her breasts filled with life and love.
the first born regards
a child's commentary.

Ann Mounce '75

Oh Lord, show me the flowered way
Instead of the rocky path I follow.
Lead me to the fragrant fields of
Wild flowers.
And when I prove myself worthy,
Lead me to the roses and the violets.
But tell me of the rose's thorns
And of the violet's velvet leaves.
Teach me not to prick myself in my haste for life,
And let me not make a bed of idleness amid the
Purple and the plush green leaves.
And when I must depart from your garden,
Press me as you would a flower—
To dry and lose my color,
And yet to be remembered.

The Search

I went to the sea in search of beauty,
And I found the wrinkled face of father time.
I went to the sea in search of pureness,
And I found the muddied waters.
I went to the sea in search of solitude,
And there, I found my world.

Ruth Wisniewski '74

As a violin
struts away at open strings
sawing a broken melody in two.
My nerves ask no more.
I can't tell you
or explain the pain that left.
It took a bus on 43rd street,
then stopped for lunch
and to hear a concert
maybe
or linger on the street.

Idle as the moon
that paces the black sky at night,
I waited for its return.
But the hours passed and
I felt rejected,
stood up.

I couldn't tell you
—not now at least—
the pain that left when I was scared.
I cried into the bleak night sky,
but I couldn't hear you.
The music was too loud and
the commotion on the bus detained the driver
(He couldn't see it either).

But the pain was there
only hidden under a layer of
puckered white skin.
Look harder next time
you'll see it gnawing, kicking it's way out.

Robert Frost Day

Through his friendship with Dr. Guy M. Winslow, late President of Lasell, Pulitzer Prize winning poet Robert Frost was a frequent visitor to the campus in the '30's and early '40's. The Class of 1941 voted him an honorary member of their class.

On March 26, 1974, the College paid tribute to it's honorary alumnus on the occasion of his 100th birthday.

Several hundred students, neighbors, faculty and friends of Lasell came to the Brennan Library to view the outstanding documentary film "A Lover's Quarrel With the World," examine displays of Frost's works and other memorabilia, hear readings of Frost's poetry by members of the Lasell faculty and attend a reception in the library Lounge.

Dr. Donald Winslow and students inspect display of Robert Frost memorabilia.

Above: Richard Winslow and Dr. Donald Winslow, members of Lasell's Board of Trustees and sons of the late Guy M. Winslow, with Dr. Kenneth M. Greene.

Left: George Lane, Chairman of the Department of English at Lasell and Frances Atwood, Director of Lasell's Brennan Library, compare notes on Robert Frost.

"We learned how to eat a banana"

An alumnae questionnaire, once distributed to all former students, posed this final query:

"Does your memory of college days include any clear impressions, either pro or con, that you can share with us for the benefit of current students?"

Well! We can't say to what extent current students will benefit, but to us many of the replies were eye-openers. Excerpts from some of the answers are printed below—presented anonymously to avoid any embarrassment.

I think the restrictions we had were good for us, but I don't believe they would fit now. An example: if we did not go to Sunday service, we could not go to Boston on Monday. We just did not get sick on Sunday! Class of '07

Lasell was chosen for me by my mother, who attended the school in 1868. The school was what I needed at that time, and it is what many girls need now. Class of '14

Let Lasell remain refined and conservative! My strongest memories! Class of '29

I remember with great pleasure all the niceties of life that were part of each day at Lasell—manners, courtesies, graciousness—table manners especially. All these things seem lacking in the lives of college students now! Class of '18

Lasell was a strict girl's boarding school in 1920, and I only wish there were a place today where the young could go and enjoy all the fun we had. I have to struggle to understand college life today. Class of '20

The school has lost some of its fine quality by admitting too many students. Class of '21

Perhaps it was a valuable experience for me. I was the only Catholic there! Class of '23

I learned to ski in front of Bragdon Hall. Class of '24

I will always remember Mrs. Martin and the courage and self confidence she laid the foundation for—(oh, “to be tall and beautiful and unfold like a flower”)!! I learned to throw my voice around the world. Perhaps I would have been a scared mouse otherwise. Class of '26

I disliked the emphasis on orthodox religion (which I was never forced to observe at home), and I particularly detested Miss Potter and her “little doves.” I saw religious discrimination against two Catholic girls and one Jewish girl. Now they tell me of great changes there. One of my friends has a daughter who graduated from Lasell recently; I feel today it is excellent from all I know and hear. Class of '26

I don't know if girls still have to walk with books on their heads, and wear dresses to dinner. I doubt it, and I think it is too bad! Class of '35

I wonder how students today would react to Miss Packard's insistence on measuring lowness of neckline when they were dressed for formal dances. Tape measures were really used! And I'd certainly like to see Miss Packard's reaction to miniskirts! Class of '16

We behave according to the way we are dressed. Dressing for dinner should be a must! Class of '41

Though these responses are bound to bring on a chuckle or a raised eyebrow it would be interesting to see what twenty or thirty more years would bring in response to the same question. What will be the lasting impression of Lasell on our “now” generation. As the pendulum swings back we might find that the answers range less from “I remember . . .” to “I wish that we had had . . .”.

I'm afraid my impressions of Lasell would not appeal to the modern teenager. I loved the rules, the regulations, and the many traditions. Life was simple and—unbelievably—more than pleasant. I loved every minute of my two years there. Class of '30

In my day, day students felt unaccepted by the boarding students. I was a day student. Nevertheless, it was a real privilege to have been a Lasell girl. Class of '33

We learned to eat a banana correctly—with a fork! Class of '33

On the occasion of her 89th birthday, Ruth **Adams** Whiston was honored at a luncheon at the 20th Century Club by the Buffalo Lasell Club. She also joined the group at a Valentine's Day party at the home of Marjorie **Keller** Mayer '31 in Williamsville.

'09

From Delray Beach, Florida, Bess **Robinson** Breed writes: "Do hope it will be possible for me to attend Reunion. Still adore dear old Lasell."

'10

Marion **Hale** Bottomley shares notes from classmates' Christmas greetings:

Tot **McLean** Hunt is planning a February trip to Australia.

Julia **Hamilton** Peters enjoyed a most happy Christmas with children, grandchildren and four great-grandchildren.

Mildred **Goodall** Fairbanks, who divides her year between Maine and Florida, is busy with golf and dancing.

Margherita **Dike** Hallberg is so pleased that daughter Hope and family are now settled in Connecticut. She plans to visit them in the spring.

Irma **Levi** Levy has made swift recovery from a cataract operation.

Nell **Carneal** Drew sent a very inspiring calendar; was about to "take off" on a round-the-world trip. Nell spends summers in Gloucester and during the winters she is in Fort Lauderdale.

Mildred **Snyder** Grant is quite content in a lovely retirement home in New Orleans.

For myself—I keep busy with volunteer work in the Patients Library at the Burlington (Vt.) Medical Center, assist the Librarian and distribute magazines to the reading areas. Daughter Mary (Lasell '42), assistant registrar at the University, spent August touring Turkey and the Greek Islands. Grandson Brett is a freshman at UVM, so I see more of daughter Ann and family. Sister Emily (**Hale** Barnett '02-'03) is comfortable in a nursing home in Glastonbury, Conn.

'15

Nell **Woodward** Collins shares notes from the Christmas Round Robin: Irene **Ball** Sill is in great spirits even though handicapped by arthritis and poor eyesight. Her granddaughters are a joy as well as a great help to her. Elizabeth **Beach** Bierer continues knitting projects

for the church and has over thirty helmets ready to send. And now she is knitting for a fourth great-grandchild! Katharine **Bingaman** Heron and sister Mary '14 enjoyed a visit from Dorothy **Crane** Crowe '16. K. enclosed a newspaper clipping about Dorothy **Stickney**, the actress who won fame in the play "Life with Father," written by her husband, the late Howard Lindsay. Martha **Schumann** Laubenstein was looking forward to a visit from her Lasell roommate and now sister-in-law, Ida **Laubenstein** Moyer. Florence **Evans** Valpey is very happy in a retirement home at 3580 Shaw Avenue, Cincinnati, Ohio. Living there also is Judith **Dollings** Webb, who attended Lasell in 1913-14. Katherine **Hoag** Norgren enclosed an article her granddaughter had written for one of the San Francisco newspapers. The splendid article concerned recycling of metal, paper and glass. Ethel **Murray** Kuykendall sent three lovely pictures of the wild flowers of Texas. Here, in the middle of winter, "Little Murray's" contribution of a breath of spring was most appreciated. From Coral Gables, Clara **Paton** Suhlke wrote of the flock of birds and pet squirrel she feeds daily. Vilette **Peck** Crawshaw keeps busy with church work, visiting the shut-ins, and just being a "good neighbor"; she promises a poem for the next Round Robin. Nell **Woodward** Collins is busy as usual—trying to keep up with her lively grandchildren and their fine mother and father. It is not a case of "generation gap" but of "generation *gasp*"—but she loves it! And to her note she added: "Just coming up for air—spent several hectic days in early February moving to an apartment. The new address: Apt. 3, 3 Powder House Lane, Manchester, Mass. 01944."

'19

Betty **Moyer** Wilson has "four *grand-kids* in college! Don's son, Steve, is a sophomore at Michigan State; Priscilla's son, Tom, is a junior at Corcoran Art College, Washington, D.C."

'20

It is a privilege to share Dorothy **Burnham** Eaton's Christmas message from "Our Two Acres":

The low sun has slanted down, and a pale sky light washes the fields with that mystic blue which is a reflection of the pure white of the snow.

The little train in the valley goes by with a soft purr, its whistle hardly more

than an echo of its summer noise, from far away and long ago, muffled by the drift-covered hills.

I lie in the quiet night thinking of our birds huddled in their pine tree shelters. Now in this silent night their voices are hushed where all the trees stand at rest, lightly holding their silent tenants.

The stars almost crackle as they shine together, Cygnus low in the northwest. The frosty air sparkles with floating crystals. So much brightness touches the listening ear, and we know what is meant by the music of the spheres.

* * *

Ruth **Hayden** has just returned from "a very beautiful trip—two weeks in the Orient, three weeks in Guam, where I visited my niece, daughter of Maude **Hayden** Keeney '16, and two weeks touring the Hawaiian Islands."

From Marion **Eaton** Gumaer: "We have two granddaughters attending Williams College, one grandson at Exeter and four more coming along! Celebrated Margaret **Stewart** Bartlett's 50th wedding anniversary at a delightful luncheon given by her two daughters. My husband and I will spend the month of March on Florida's West Coast near Venice."

'22

News from Class Secretary Marjorie **Lovering** Harris:

A most interesting letter has reached me from Ana **Clark** Keith. It has been so long since we have had word from her, I want to share it with all '22-ers:

"Although I live far away I never forget my happy days at Lasell so many years ago. I have always remained in Costa Rica, but with my husband and daughters have travelled practically around the world. My eldest daughter, Alice, married a Costa Rican, Jose Arguedas. Their son, Alfredo, attended college in the U.S., served three years with the Marines, is now married and lives in California. Alice and her husband have four daughters—the eldest married to a Peruvian, lives in Lima and has two boys, Guillermo and Juan Carlos. (The proud great-grandmother am I.) Liana, aged 22, married an Englishman and lived in London—unhappily a month ago he was killed while climbing the Matterhorn. He was a brilliant scholarship student at the London Royal Academy of Art. The two younger girls, Christina and Gina, are students in Guatemala. Daughter Elizabeth married an American; lives in Darien, Conn.; has four children. My third daughter,

Elsa, is married to a Costa Rican doctor and lives here. Their son, Randall, died two years ago of cancer at age 20. Miguel is a student at the University here, their daughter, Pamela, also attends the University and is learning to fly. Andrea, 17, has won many prizes in Central America in riding, jumping, dressage and will go next year either to Spain or Portugal to perfect the sport and will be able to compete in larger events. My husband is very well; he and I have just returned from a long trip to Europe and Morocco. Do forgive my English—it gets rusty as I rarely speak it."

My July vacation this year was spent with Dean and wife—we enjoyed our usual trek to Maine, where I had a delightful visit with Louise **Stevens** Prince. Louise finds her days filled with trips and varied activities sponsored by the Venture Club. On a one-day trip to Vermont, I telephoned Elizabeth **Madiera** Campbell, who again regretted not being with us at our 50th.

From the Society Page of the Boston *Herald-American*, at the time of Portsmouth, New Hampshire's 350th Anniversary, came the news item of "A Glittering Pre-Cocktail Party at Wentworth-by-the-Sea." And there was an excellent picture of hosts Flossie **Day** Bennett and Sherman.

Eleanor **Knight** Bowering enjoyed a wonderful summer of mountain climbing in New Hampshire and Maine and is again busy in musical fields. Eleanor is a member of a bell choir, booked for nine Christmas programs and three musicals.

After a visit with her son and family in Minneapolis, Dorothy **Caldwell** Jordan spent the summer in Island Falls, Maine.

Peg **Reid** Perry enjoyed Thanksgiving '73 in Delray Beach, Florida with Dorothy **Ely** Bigham '21.

Indeed we are all saddened by the death of Jean **Field** Faires and extend to her son, Frank, our most sincere sympathy. We did so enjoy having him with us when he drove Jean to Reunion.

'23

Louise **Woolley** Morgan visited friends in England during the Christmas holidays.

'24

"Hobby of Kings and King of Hobbies" was the subject chosen by guest speaker Frances **Royce** Johnson at the November meeting of the Winnepesaukee Chapter DAR in Wolfeboro, N.H.

Frances is a member of the Boston Philatelic Society, the Cardinal Spellman Philatelic Museum, and the Biology Unit of the American Topical Association.

Esther **Palmer** Dwinell and husband are spending the winter at Port St. Lucie, Florida. Esther forwarded the sad news that Pinky **Puckett** Neill's husband died last summer; Pinky planned to spend the holidays in Mexico with daughter Amanda and husband.

Margaret **Niday** Wrightson sends word from 4608 E. Dakota Avenue, Fresno, California: "Will definitely visit Lasell if a trip East is in our future plans. So far we have done little travelling since my husband retired four years ago from United Air Lines. Hope the 50th Reunion of the Class of 1924 is a gala occasion."

And from Matilda **Daugherty** Linn: "Upon my husband's retirement we moved from Indianapolis to Williamsburg, Virginia (1184 Jamestown Road #51). He is enjoying volunteer work for his Alma Mater, William and Mary, and I am enjoying just taking my time to become more acquainted with Colonial Williamsburg and the beautiful Virginia countryside."

Emily **Case** Guernsey is a patient at the Niagara Falls Nursing Home, 621 Tenth Street, Niagara Falls, N.Y. 14302. Daughter Mary Jane reports that Emily is "doing very well; is alert and responsive to visitors and news of family and friends."

'26

In June 1973 Charlotte **Russell** Pelini resigned from her administrative duties in the Rhode Island Institute of Mental Health.

From Elinor **Stevens** Stockman: "My husband (now retired from the New York Telephone Company) and I made a circular tour of the state of Florida. While in Fort Lauderdale we spent two days with Mabel **Michell** Pyott, who had recently seen Marion **Brown** Schlosser. One of the joys of retirement is the amount of free time for traveling. Hazel **Kramer** O'Donnell and Emma **Ockert** journeyed to the West Coast this summer. Do miss not seeing more '26 news in the BULLETIN."

Dorothy **Aseltine** Wadsworth writes to Dear Friends: "Often think of the happy days at Lasell and its wonderful traditions. I hear from Madeleine **Roth** White, Dot **Hale** Brown, Dode **Schumaker** Walthers—it is so very nice. Am enjoying my married daughters, their husbands, my four darling grandchildren and my son, who is graduating from Northeastern this year. I am very active in Winchester—hospital, community and Director of Visiting Nurse. Just love being at home at 7 Cabot Street."

'28

Caroline **Hopkins** McLean and Mr. Harold T. Marshall, Sr. were married on December 27, 1973 in the Erwin Chapel of the Church in New Britain, Connecticut. The wedding ceremony was performed by Mrs. McLean's son and Mr. Marshall's son-in-law, the Reverend J. Alan McLean. After a trip to Europe and a visit to Florida, the Marshalls will be at home after April 1st, 1974 at Four Hilltop Place, New London, New Hampshire 03257.

'29

The Class extends sincere sympathy to Helen **Ohm** Kingsman, whose husband died in December 14, 1973. Dr. Kingsman is survived also by two daughters, Barbara **Kingsman** Rapp x-'56 and Virginia **Kingsman** '67.

Rosamond **Cornell** Cannon is "looking forward to Reunion—hope to see many '29-ers there. Shall leave for Hawaii on February 16th—to get away from the snow and ice—enjoy the sun and surf at Waikiki."

'31

Jane **Hupman** Preston writes: "With husband, Frank, have just returned from a 4-month round-the-Pacific holiday, with a stay in New Guinea and a month in New Zealand. Comparisons are odious, but New Zealand is a gorgeous, clean country with a life style that appeals to us. At home I occupy myself keeping office for glass consultant husband, keeping house, organic garden and orchard, am deeply involved in natural nutrition and health work, and also some of the more orthodox community activities."

'32

Julia **Case**, "enjoying retirement living in Nottingham, N.H.," was looking forward to a Grand Caymen Island trip in January.

Helen **Fitch** Foley was on hand in Phoenix to welcome the mid-February arrival of her 10th grandchild.

40th REUNION—June 1973

"Come on back to a time and place where 'Keep off the Grass' meant don't walk on the lawn." So read the cheerful invitations and questionnaires sent by Shirley **Gould** Chesebro for our 40th Reunion.

Thirteen girls did return for a nostalgic tour of Lasell, afternoon slides of the campus, the presentation of 1973 Medallion Awards, and—of course—to eat. The following classmates met to enjoy the delicious reunion buffet: Helen **Bardua** Childs, Helen **Breed** Solberg, Betty **Hayford** Stewart, Amorette **Larchar** Skilton, Libby **McIntire** Bennert, Hazel **Merritt** Bliven, Louise **Newell** Audette, Virginia **Ogden** Hayes, Char **Phillips** Wilking, Nancy **Skiff**, Ruth **Wyand** Thissell and Ruth **Stafford** Clark. Amorette received a rice-ware bowl as a gift for traveling from Pennsylvania to be with us. After Shirley's diligent planning for Reunion, she was able to join us only for morning coffee. Illness in her family prevented her staying longer.

Although most of the Reunioners departed in late afternoon, Ruth **Wyand** Thissell, "Jimmie" **Breed** Solberg and husband Kristian, and Ruth **Stafford** Clark and husband Em, remained for cocktails and a friendly, cozy barbecue supper at Lasell.

Twenty-eight girls returned their questionnaires to us. We would be delighted to hear from the rest of you—way out there.

Betty **Andrews** York writes that daughter Sally lives in Oklahoma with her

husband who has just graduated from college—after a tour of duty for Uncle Sam. Son Randy is a student at the University of Vermont. Betty and Leslie have bought a summer home in Madison, Connecticut; travel is "out" for a while. She is involved in volunteer and church work; finds time for bowling and bridge. Her twin, Eunice **Andrews** Brooks, has been confined to a wheelchair for the past three years with rheumatoid arthritis. Eunice's daughter, Susan (Lasell '62), is married to Dr. Robert Weiner and has a son and a daughter. Eunice's son, Jeff, also married, is the father of a boy.

Faith **Barber** Brandt and husband are building a retirement home in New Harbor, Maine in anticipation of John's retirement in a few years from the Aetna Insurance Company, where he is a vice-president. Daughter Linda, married Robert Stoll on August 19, 1972; lives in West Hartford. Son Richard, a Vietnam Marine veteran, lives and works in Winsted. Faith says she and John are alone now except for Heidi, a doberman, and Tippto, a black and white cat. The Brandts have recently revisited the Bahamas.

"Is Class Instruction for Me?" This lead article in a recent issue of The Christian Science Journal was written by Helen **Bardua** Childs. "Bunny" has the distinction of being one of a select group of licensed teachers of Christian Science in the United States. Her daughter, Rosalind, is senior promotion manager for the Mother Church in Boston. Bunny has enjoyed several trips to Europe and the Caribbean, and is looking forward to a visit to New Zealand.

Helen **Breed** Solberg belies the fact of our 40th Reunion! Jimmie has recently walked 25 miles in a walkathon to benefit Ronnie Drumm's Youth Band, and has biked 14 miles with a Youth Hostel group. Weekends find her cruising in the Sound in her 42' Chris Craft with her husband and friends. Daughter Linda Marie (Lasell '69) is also an ardent sailor. Linda is presently employed in group accounting at the Mass. Mutual Life Insurance Company in Springfield. Jimmie recently hosted the Western Massachusetts Lasell Club; other interests are attending conventions with her husband—Atlanta in '71; San Francisco '72; and New Orleans in October '73. They enjoy rare visits from son and family, who now live in Germany.

In reply to the questionnaire Elizabeth **Bronk's** secretary wrote: "Miss Bronk is on vacation in Scotland; will not return to the office (Greenwich Health Association, 45 Putnam Ave.,

Greenwich, Conn. 06830) until the week of June 21st."

Helen (Sis) **Burwell** continues as Personnel Records Secretary for the Connecticut Board of Education—knitting and just socializing make for "relaxation."

A summer place in East Hampton, Long Island, kept Louise **Cenedella** Kidd from joining us at Lasell. "Rex hopes to take an early retirement next year; we plan to divide our time between East Hampton and the warmer climate of Florida, and hope to travel more. Very early in the season I became involved with the children and their spouses and the five grandchildren. Daughter Andrea and three children live in Champaign, Ill., where her husband is on the staff of the University of Illinois. My son and family (two children) live in Southbridge, Mass. He is manager of the Public Finance Corporation in Hartford." Bowling, volunteer work at the local hospital, crewel embroidery and ceramics are Cinny's special projects.

Dorothy **Day** Funk had planned to come to Auburndale, but, unfortunately, was on call to go to the Hartford Hospital for surgery. She has had to give up golf and bowling because of a double fusion on her back in 1968. Dot is secretary for her husband at Fourslide Spring Products, Inc. She has enjoyed trips to Florida and Bermuda; her special pride are four grandchildren.

Hope **Decatur** Rowland, junior high school English teacher, teaches English to foreign-born during the summer months. As her daughter, Jean, will be in Spain for four years with her Air Force husband and two children, Hope will be making her sixth trip to Europe—this time to visit. The Montgomery Players and sailing are her favorite activities.

Margaret **DuBois** Alexander still dreams of writing, painting, growing flowers, studying piano and raising a few animals, but reality offers a vegetable garden and lawn to mow. Vacations from duties as secretary at Norwich University have included trips to the South Pacific Islands and Florida. She works in X-ray at the Heaton Hospital; is a member of the Red Cross Canteen Corps and the Heaton Hospital auxiliary. Margaret has three stepchildren; ten step-grandchildren.

Grace **Dunne** Walker echoes many of our feelings when she writes: "For relaxation—anything that isn't too strenuous!" Grace is a school teacher and tutor, and is a member of the School Committee.

Shirley **Gould** Chesebro has spun

the compass with a trip north to Quebec; east to Bermuda; south, Texas; and west, Hawaii, with many interesting stops in between. Volunteer work includes hospital aid, coffee shop, and church canvass. She is a member of Lasell Alumnae Inc.'s Board of Management. Her four children are married; there are five grandchildren. Shirley still enjoys the summer cottage in East Boothbay, Maine, and sails "in gentle winds on only good days."

Betty **Hayford** Stewart is ward secretary in pediatrics at the Elliott Hospital, Manchester, N.H. She now has two grandsons, James, 8, and Jeffrey, 4, children of son Malcolm, Jr. Betty believes in "Seeing America First"—has traveled to California, Nevada, Utah and Arizona. For relaxation, she enjoys "a little bit of everything . . . good friends and family to visit . . . a good book or TV program." After Reunion she wrote: "Thoroughly enjoyed every minute of Our Day. Lasell has many pleasant memories for me."

Flying to Dallas to visit daughter Cynthia and three grandchildren or to North Miami Beach to her brother's home, are Jeanne **Heilig** Noack's favorite trips. While at home (Augusta, Michigan) her spare time is spent in a local greenhouse and flower shop, where she has become most adept at making corsages. In return for her talent Jeanne is rewarded by all the lovely garden flowers she needs. Sewing, knitting for the grandchildren, reading and gardening provide leisure fun.

Alice **Hutton** Moore's daughter, Janet, is an art teacher in Wellsboro, Penna.; daughter Judith, mother of three children, lives in Pittsburgh. Enjoying the grandchildren, knitting, swimming, gardening, and occasional trips to Florida and to the summer cottage in the Finger Lakes, lighten the usual routine for Alice.

Amorette **Larchar** Skilton's son, Peter, was married in August '71 to Ann Gately, an English teacher. Daughter Audrey attends Westchester College. Amo has visited Italy, Switzerland, Austria, Bermuda, Mexico and Mallorca.

Our newest bride, Sandra West, was married to Donald Bennert on June 23, 1973. Second son of Elizabeth **McIntire** Bennert, Don is an officer in the Littleton, N.H. bank. Libby's daughter, Susan LaFrance, lives in Arizona; her husband is a professor of law; they have three children. Older son, Dr. Harry M. Bennert, Jr. is a surgeon and the father of two sons. Libby continues her volunteer work; the United States, Caribbean, South America, Mallorca and France have lured her for vacations.

Hazel **Merritt** Bliven finds herself constantly faced with unexpected traveling from daughter's to son's homes. Daughter Joan Horskin has moved from Maine to New York state with husband and two children. Hazel's son, a widower, lives nearby with his young son, so she does a considerable share of baby-sitting. She is also responsible for her aged mother. However, life is not all "obligations"; needlework, entertaining and church work offer recreation.

Jacqueline **Meyers** Brown writes: "My first husband, John A. Morhous, died just after our 31st anniversary at the peak of his career; he was Town Attorney and Republican Leader of the Township of Hempstead." Following her husband's death, Jackie managed an artist's materials department and continued her painting . . . "sometimes winning awards at various shows . . . The following Christmas on the first anniversary of my husband's death, my mother and I went on a cruise . . . the incredible happened! My husband-to-be, Tracy W. Brown, and I were paired together by the ship's dance team and we became inseparable companions. The next fall we eloped to Europe. We both love travel and ships in particular. Meanwhile, I've been keeping up with my old love, art, doing commissions—mostly portrait—working in oils, pastels, charcoal, etc. Tracy takes excellent documentary movies and I take still transparencies—excellent subject matter for paintings. We also make tape recordings of native music or other sounds which intrigue us. It's a full and very satisfying, good life!" Jackie acquired four grown step-children; has three children of her own who, in turn, are parents of her four grandchildren. "We manage to see one or more of our combined seven offspring between trips."

Louise **Newell** Audette's daughter, Linda Marie, is married to Dr. Henry Massie, a San Francisco psychiatrist. Linda is continuing her education in music at Berkley, California. Louise's son, Dana, is an underwriter at Aetna in Aurora, Illinois; has three children. Louise is head of the catering committee of the Ladies Benevolent Society; relaxes with gardening, reading, crocheting and sewing. We learned from Louise that her cousin, Alice **Newell** Beede, has a daughter, Marilyn, and a son, David. Marilyn is a nurse; David is married.

"Sorry I can't be with you all at Reunion—a relative is being married that day," writes Charlotte **Ockert**. Char is an insurance agent whose favorite pas-

times are swimming, gardening and bowling.

We were delighted to see Virginia **Ogden** Hayes, who arrived on crutches, not letting a broken hip, incurred in February '73, prevent her from joining us. Her good mother, Mrs. Tieroff, flew from Florida to assume the "chauffeur" duties. Virginia, president and treasurer of the C. I. Hayes, Inc., Cranston, R.I., reported with pride the excellent job her son, Carl Jr., had done at the plant during her convalescence with only phone "assists" from her. She is a Lasell Medallion Award recipient, currently a member of the Board of Trustees of Lasell Junior College, Cranston General Hospital and the Edgewood Congregational Church. Her most recent European trip included Portugal and Spain. Oddie has one granddaughter, Wendy Barrows, daughter Alice's child.

Charlotte **Phillips** Wilkin's three children are now married; Char has three grandsons. Daughter Linda (Lasell '65) is attending law school; Marcia is a member of the faculty at Dana. Char has had an opportunity to do quite a bit of traveling—a mini trip to Switzerland was planned for late summer.

Frances **Rothenberg** Watchmaker's brief note denotes a full life. She has travelled to many parts of the world, and enjoys all the best plays and movies. Her daughter, Joan Swartz, has two children—Nancy, 11, and Jeffrey, 9. Frannie writes: "So sorry not to attend Reunion. Best to everyone."

Marjorie **Shetland** Bates is our most travelled classmate. Having lived in the Middle East for years, she was planning a summer trip to Bulgaria, Hungary, Wales and Iceland. Home is now 732 Coral Way, Coral Gables, Florida for Marjorie and her husband. "Retired but not retiring," she writes, as volunteer work in the local hospital, tennis, bridge, listening to classical music, attending plays and operas keep her very busy. Son Robert has a son, Lucas Franklin Bates.

Nancy **Skiff** is a secretary in the security office at Southern Connecticut State College. For vacation spots she chooses Florida or Bermuda; for leisure hours, gardening, sun bathing and TV.

Barbara **Stover** VanDeBogert's daughter Ann has recently returned from Germany with soldier husband and two children. Barbara works part-time in the Brewer Public Library, and three months of the year she retreats to her beloved camp, fifteen miles from Bangor.

Ruth **Vassar** Bailey writes: "How I'd love to get back to Auburndale for our

40th. My husband, now retired, still does a lot of travelling and in June we'll be in California. Extend my very best wishes to all, and if at any time classmates are in the area of Easthampton, remember the welcome mat is out." Ruth and Harold celebrated their 25th wedding anniversary in Hawaii; a trip to Greece and the Islands was scheduled for September.

Ruth **Wyand** Thissell is involved in the Mayflower Ceramics, a firm established in 1972 with her daughter Joan and son-in-law Jerry, as partners. Both Ruth and Joan had formerly owned separate ceramic studios and are certified as teachers by Howard Mfg. and Duncan Mfg. Cos. The studio is located at 195 Court Street, Plymouth. Ruth has five grandsons; she is director of the Ryder Home for the Aged and is involved in church work.

My daughter Jeanne worked for a year at the Madison General Hospital after her graduation from Smith College in 1972. She has just returned from an overseas tour where she visited seven European countries and Tunisia. Son James, a sophomore at the University of North Carolina, is currently working for Aetna Life. Canvas embroidery, Garden Club, DAR, historical societies and lineage research account for my pleasure time. Girls, don't forget to write! It was great to see you again. . . . Ruth **Stafford** Clark, Secretary

P.S. The happy recent news from Virginia **Ogden** Hayes: "Chester W. Barrows III was born on Valentine's Day 1974 to daughter Alice and husband Chet."

'34

Mary **Fitch** Huggett had "hopes of coming to Auburndale while son Jim was stationed at Quonset Point. Now he and his family are en route to a Texas assignment. Kathy **Atkin** Torcom is now living in San Diego—5060 La-falla Boulevard."

Looking forward to 40th Reunion is Mabelle **Hickcox** Camp. She and her husband enjoyed a trip to Europe in September—they hope to repeat a visit to England in '75.

'35

As has been her custom since 1964, Eleanor **Ramsdell** Stauffer accompanied the Laurentian Singers on their annual spring tour. The group, comprised of 50 co-eds from St. Lawrence University, sang in the Connecticut, Long Island and New Jersey areas. Eleanor adds: "We were entertained at

a student's home in Saddle River, and while there I spent about an hour with Gertrude **Morris** MacCallum—much too brief a visit. Also contacted Ann **Cobb** Comstock via phone. It was a rugged week—17 concerts—but a great experience!"

In a Christmas message to Helen L. **Beede** '21, Anne **O'Brien** Ryan wrote: "Am always hoping to see you in Florida. Went to Paul's graduation from the University of Florida last March, but didn't accomplish any of the hoped-for visiting. In April I went to California to see Jim before he left for Cambodia. Paul is now working in Winter Haven and plans to come home for the holidays. Kevin and gang will be here too!"

Doris **Jones** Flagg is organist at the First Church, Old Bennington, Vermont.

'36

Natalie **Hutchison** Clouser and husband are enjoying "retirement" living in Florida. Their new address: Ocean Palms Villas, Flagler Beach 32036.

'37

From Anne **Campbell** Terrill's annual letter: "A variety of jobs, including Secretary-Treasurer for Youth Club at church, Library Chairman for Woman's Club, and committee chairman on fund raising efforts provide rewarding hours for Anne. Jim's work with Westinghouse Environmental Systems Department, as well as his advisory job on DHEW, EPA problems still keeps him much occupied, the travelling extensive."

The Board of Regents of the National Employment Association announces the awarding to Anne **Tipton** Gardner of the professional designation: Certified Employment Consultant, C.E.C.

"New home" owner, Augusta **Williamson** Lips writes: "It's a condominium in Stratford, Connecticut (243-A Agawam Drive) and we love it! Architect husband Paul still commutes to New York; graphic-designer son Pieter enjoys his work in Connecticut. Would love to hear from friends in the area—203-377-1355."

'38

One daughter is a Wellesley alumna; the second daughter holds a degree from Trinity; Ruth's younger son manages a restaurant in Bennington, Vermont.

Taber Jr. Nancy continues as feature writer of fashion, home and consumer news for the Maine Sunday *Telegram* and lives on a 75-acre farm in Gorham. She reported that our English Lit. instructor, Miss Catherine **Beatley**, teaches a class in Shakespeare at the University of Maine in Portland.

Peg **Murray** Strader of Altmar, N.Y. is a grandmother too. Peg continued her studies, after Lasell, at Syracuse University where she majored in Home Economics.

Should you go to Key Biscayne, you will likely find Dorothy **Thomas** Thomas. She lives but a few blocks from the winter White House; has been known to help trim the President's Christmas tree.

Pat summarizes her 1973 "discoveries": "The love and concern of family and friends, and the kindness of doctors and nurses. Getting back one's sense of values—gratefulness for things that count, the unimportance of little things. Opportunity to help others through something similar—and to share what's been given to you."

Dear Fellow Alumnae,
I've enjoyed so much reading the

alumnae bulletins and hearing about what everyone has been up to, that I thought I'd make a contribution myself.

At the risk of sounding like a family newsletter—here goes. After leaving Lasell, I received my B.A. from the University of Denver in Sociology. I was rewarded by a few months in Europe and returned to start my Masters in social work at the University of Michigan. Being disillusioned by the image of a 'social worker' I transferred to the University of Detroit and will complete my Masters in Industrial Psychology in April. After that I guess I'll have to progress to the real world of 9 to 5—Ugh.

Have seen my old roommate and lifelong friend, Audrey **Eicoff**, frequently and we both regress to the good ol' Lasell days. I'd love to hear from anyone that is still alive and kicking, as reliving Lasell memories is always great! Please write to:
